The sisters **GERMEIN SISTERS: Georgia, Ella and Clara Germein** (last name) come from a musical family. At home in Adelaide Hills in the bushland of South Australia, they live on a farm together with their parents and their brother. Influenced by this wonderfully original and natural environment, also their character and music is shaped. But also their social commitment is worth mentioning: just like the rest of the family, they lovingly look after baby-orphan kangaroos, among others, which exist by multitude due to accidents of mother animals in Australia and they raise them on their farm until they can live on their own.

Georgia, the lead singer, plays the piano and the guitar and writes her songs with lots of passion reflecting her commitment towards disadvantaged people and outsiders. **Clara** plays the drums and the guitar. **Ella** plays bass as well as the electric cello.

Their debut album «Because You Breathe» was produced by Billy Farrell (The Corrs, Westlife), assisted by Stuart Gray, Jealoustown Studio, in which diverse hit albums have already emerged.

"Truly rare; totally unique and utterly beautiful voices – it was a joy for me to work on their album..." Sharon Corr (The Corrs).

germeinsisters The story behind our song #Sunshine ✨: @georgiagermein: "When we were touring schools in Switzerland 🇨🇭 we had to be on the road before sunrise - so almost every day as we were driving to our school shows we would get to see a breathtaking Switzerland sunrise out the window of our tour van. Whether it was a sun rise over the Swiss Alps, lakes, or cities - it was always such a beautiful sight. For me (Georgia), the sun is such a beacon of hope no matter where in the world we are - and this song is about never losing sight of the hope and light, even when it feels like we're in a dark place..." #germeinsisters #esc #esc2016 #eurovision @csc backstage Vote for "Sunshine" feat.
